

Dangerous

lil aaron

I'm danger
D d dangerous
Don't you hate my guts
Don't you hate me
I'll play ya
Gonna call your bluff
Don't try to say I didn't warn you
D d dangerous

But that's just your type
Daddy sends the money through
And you just swipe
Stayin up all night
I know the type of girl you are
I've seen it all a million times

In the Hollywood Hills
Where nobodies your friend
Unless you got a couple pills
Do it all for cheap thrills
I hate you but I love you baby
You already know the deal

I'm danger
D d dangerous
Don't you hate my guts
Don't you hate me
I'll play ya
Gonna call your bluff
Don't try to say I didn't warn you from the start
Cuz I'm danger
D d dangerous
Don't you hate my guts
Don't you hate me
I'll play ya
Gonna call your bluff
Don't try to say I didn't warn you
D d dangerous

You love playin with fire don't you
Got a burnin desire comin in
I can feel you perspire baby
But don't quit yet this isn't over

All of these uppers got me all fucked up
Feel like I'm down for the count tonight ya
And you love playin with fire don't you
Baby don't you

I'm danger
D d dangerous
Don't you hate my guts
Don't you hate me
I'll play ya
Gonna call your bluff
Don't try to say I didn't warn you from the start
Cuz I'm danger

D d dangerous
Don't you hate my guts
Don't you hate me
I'll play ya
Gonna call your bluff
Don't try to say I didn't warn you
D d dangerous
D d d dangerous
