

Escalade

lil aaron

Yeah, yeah

Hop out the Escalade, drinking Hennessy
Hop out the Escalade, wearing Alex Wang
I'm trying to get you lit before the night is over
I'm trying to get you fucked up before the night is over
Hop out the Escalade, with some Hennessy
Hop out the Escalade, wearing Alex Wang
I'm trying to get you lit before the night is over
I'm trying to get you fucked up before the night is over
Before the night is over

Gold skirt, she taking off her shirt
I don't care what you heard, fuck me until it hurts
I'm finna come through, just to make sure you come first
I'm feeling Gucci girl, just might buy you a Gucci purse
Yeah, wearing the same fit as last night
I don't catch feelings, I catch flights
You dodging calls from your man, just make sure he doesn't find out like the last time
I never know how to act right
Just might go shopping to pass time
Young and I'm rich and I don't give a fuck

Hop out the Escalade, drinking Hennessy
Hop out the Escalade, wearing Alex Wang
I'm trying to get you lit before the night is over
I'm trying to get you fucked up before the night is over
Hop out the Escalade, with some Hennessy
Hop out the Escalade, wearing Alex Wang
I'm trying to get you lit before the night is over
I'm trying to get you fucked up before the night is over
Before the night is over

Pop pills in the Cadillac
Big bills, can you handle that
Cheap thrills for the Hell of it
Got three girls, ain't celibate
We be pouring up like it's a drought, open up your mouth
I got money I just might take out, if you take it out, girl
Sipping and swerving on the PCH
I got smoke in my eyes, I ain't seeing straight
She got a body like a model, she ain't eating cake
By the end of the night I bet I'll be eating cake

Hop out the Escalade, drinking Hennessy
Hop out the Escalade, wearing Alex Wang
I'm trying to get you lit before the night is over
I'm trying to get you fucked up before the night is over
Hop out the Escalade, with some Hennessy
Hop out the Escalade, wearing Alex Wang
I'm trying to get you lit before the night is over
I'm trying to get you fucked up before the night is over
Before the night is over
