Ooohhh ya

That's why I get fucked up
Cuz you left me fucked up
Girl you left me broken down
I don't even know you now

That's why I get wasted
All the time that we wasted
Girl you got me fucked up now
That's why I get fucked up now ya

Don't make me do this
You know what you're doin
Ill go find a new bitch
Someone who ain't you bitch

Ya
I guess i'm the last one here to know
You a liar cheater and a hoe
You was with him I was on the road
Shoulda never trusted you

That's why I get fucked up
Cuz you left me fucked up
Girl you left me broken down
I don't even know you now

That's why I get wasted
All the time that we wasted
Girl you got me fucked up now
That's why I get fucked up now ya

That's why i'm always high
Because of all your lies
I gave you my life
And you ain't even try

But I wish nothin but the best for your next
Til he find you havin sex with his best friend
Girl you really know how to leave an impression
Ya guess you never learned your lesson

That's why I get fucked up
Cuz you left me fucked up
Girl you left me broken down
I don't even know you now

That's why I get wasted
All the time that we wasted
Girl you got me fucked up now
That's why I get fucked up now ya
