

Nobody

lil aaron

Just another kid from Indiana
Only difference is I made it out
Bitches in my DM they all thinking that I'm famous now
Girls from back in high school either love me or they hate me now
Name another artist from my city that could take me down

Shit

I don't need you no
I don't need you no
I don't need nobody
I don't need nobody else
I don't need you no
I don't need you no
I don't need nobody
I don't need nobody else

I mean just look at my bank account
I got commas
All my problems fucking faded out yeah
I'm in the bathroom getting faded now
Couple extra bitches and they all look like Topanga now

Shit

I don't need you no
I don't need you no
I don't need nobody
I don't need nobody else
I don't need you no
I don't need you no
I don't need nobody
I don't need nobody else

I got me, myself and I
Ain't nobody else that I need in my life, no
By my lonely is the only way to die
But I'ma make a couple hundred mil before I die, yeah

Shit

I don't need you no
I don't need you no
I don't need nobody
I don't need nobody else
I don't need you no
I don't need you no
I don't need nobody
I don't need nobody else
I don't need you no
I don't need you no
I don't need nobody
I don't need nobody else
I don't need you no
I don't need you no
I don't need nobody
I don't need nobody else

I don't need nobody
I don't, I don't need nobody

I don't need nobody
I don't, I don't need nobody
I don't need nobody
I don't, I don't need nobody
