

I was tryna stunt with you
But now I gotta stunt on you
Why you gotta do me like that, girl yeah, yeah
I could have fun with you
Coulda spend all of my funds on you
Why you gotta do me like that, girl yeah, yeah

We had plans
Go back when you was my bitch I was the man
Used to pull up and you're all about the xan
We were high [?] drugs, yeah
Don't understand, how you runnin' around with another man
Yeah [?]
Girl, this could be us but you playin'

I was tryna stunt with you
But now I gotta stunt on you
Why you gotta do me like that, girl yeah, yeah
I could have fun with you
Coulda spend all of my funds on you
Why you gotta do me like that, girl yeah, yeah

If I don't die, before tonight
I hope you and I, can talk about it
But girl I can't lie
I'm way too high
Might not make it out alive
So let's forget about it
I know you see me out here gettin' money knowin' I won't spend a dime on you
I know you see me out here fuckin' bitches knowin' I won't waste my time on you
Yeah, bet you regret, that shit you said
But I ain't comin' back, you fuckin' dead
Know you see me out here gettin' money knowin' I won't spend a dime on you

I was tryna stunt with you
But now I gotta stunt on you
Why you gotta do me like that, girl yeah, yeah
I could have fun with you
Coulda spend all of my funds on you
Why you gotta do me like that, girl yeah, yeah

If I don't die, before tonight
I hope you and I, can talk about it
But girl I can't lie
I'm way too high
Might not make it out alive
So let's forget about it

I was tryna stunt with you
But now I gotta stunt on you
Why you gotta do me like that, girl yeah
