

# YOU'RE THE ONE FOR ME

**lil aaron**

(Does it go around once before I come in)

If you like dating scumbags  
And pissing off your Dad  
If sleeping on a mattress on the floor  
Don't hurt your back

If you like hotel lobbies  
And getting into shows for free  
Then shit  
Maybe I'm the one for you  
Maybe you're the one for me

Maybe you're the one for me

(Keep it going)

If you don't mind a week off  
When I don't pick up the phone  
Cause I broke it at a party  
But I didn't leave alone

If you want songs about you  
With your name sung out of key  
Then shit  
Maybe I'm the one for you  
Maybe you're the one for me

Cause I can't breathe  
When you're not where I am  
I hope you understand  
I hope you see  
Despite how it seems  
You know where my heart is  
I'm trying my hardest

So if you like dating scumbags  
And pissing off your Dad  
If sleeping on a mattress on the floor  
Don't hurt your back

If you like hotel lobbies  
And getting into shows for free  
Then shit  
Maybe I'm the one for you  
Maybe you're the one for me

Maybe you're the one for me

Cause you were always right there  
When I needed somebody  
And shit  
I think I'm the one for you  
I think you're the one for me
