

## All Day

Lil B

Welcome to the underground hip-hop cypher!  
Where we have the great Lil B!  
West Coast MC in the building  
Give this man a round of applause, please  
See we don't have too many people in here tonight  
But it's ok, cause this is real hip-hop  
Let's go!  
Good job, Lil B, spit for us

Watch out, I grind for the better days  
Even for the rainy days  
And niggas still getting paid  
I'm like Magic  
Don't brush and still getting waves  
"Lil B, Lil B"  
Swear to God I'm getting famous  
I don't crack under pressure  
Like them dinner plates  
Made my own rules  
A nigga never been a slave  
Y'all getting raped for the money  
Y'all getting AIDS  
I'd rather see a better day  
Nah, I'm never getting played  
Niggas want to play a game  
Bitch, I'll demonstrate  
I'm not a killer, but I love to give fades  
Fucking with the Boss, boy, the bitch gotta give me brains  
Want to keep it simple as possible  
Brrangdangdang  
What's up, girl?  
Brrangdangdang  
Your sidekick...  
Man, we can go aim for aim  
Like Lil Wayne  
Bitch I got bling bling  
Bitch want to go to space  
I'm like "I'm going to Sing Sing"

Watch me spit fire  
All day  
Yo, watch me spit fire  
All day  
Yo, watch me spit fire  
All day  
Yo, yo watch me spit fire  
All day  
Yo yo, woah, woahhh

They ain't told me bout the game  
I got [?]  
Shitty niggas  
They talking bout they cash flow  
Blinded by the cash  
Cars and the fast hoes  
Lot of niggas won't help  
Cause they ask wrong

My niggas, I smash on em  
You feel me?  
Just the jewelry, they want some  
I don't want to listen to you when you're right  
These niggas ain't your friends, man, they lost a million fights  
It's a shady game  
And it's darker in the reich  
Until you bopping hoes  
You gotta ride my bike  
Because it's money on my mind, it's sitting left  
The game is on the right and I'm trying to get a bite  
Fuck it, get the whole half  
I'm trying to get something  
Basedworld, we going crazy  
Fuck em and they cousins  
This is  
Motherfucking bad hoes  
It's nothing  
The game come with it  
I love it, Lil B

Watch me spit fire  
All day  
Yo, watch me spit fire  
All day  
Yo, watch me spit fire  
All day  
Yo, yo watch me spit fire  
All day  
Yo yo, woah, woahhh
