

Based Mary

Lil B

You already know bitch
It's that BasedWorld records, you feel me?
It's that Trapped In BasedWorld, you feel me?
Strapped up, free everybody, you feel me?

Imma tell ya how I really feel, this real shit
Niggas hating on me for real, fuck 'em bitch
Then I keep my head close to the wall
Because I'm paranoid
But I'm savage, BasedWorld package
If I die today, lay me by mama
'Cause real talk bitch, that's the only one that keep it silent
But keep the dope close like I keep my hands close
Keep my eyes closed nigga I don't even know
Boy askin' me if I'm sneak dissing
I ain't even think about y'all boys, I'm pulling traffic
Making history, fuck what's happening
I came in the game shaking off the muscle
Only thing that got me here is respect
Niggas ask me "What the fuck I rep?"
I rep Bitch Mob til' my motherfucking death
Don't nobody care when you all by yourself
Strapped to the chair, you all need help
Who you gonna call when them haters start coming?
I rep Bitch Mob until my motherfucking grave
Promise that, imma always stay Based
With no covers on the bed
Pull a shotgun, bitch the phonk ain't dead
Keep to my lonely 'cause niggas too phony
I'm screaming "Fuck homies and fuck friends"
Gonna run deep in that brand new Bentley
Nigga took that Zagato out for a test drive
I got that 1 with that .50 round clip
That long clip look like an orangutan bitch
Fuck what ya heard, most of it been lies
Bitch I got that bum money, I don't fuck with them guys
Them boys play games and they down for that wild ride
Take a dope trip, you be up all night
Worked like a bitch when I signed my first deal
Now I got rich and it's fuck how you feel
For real, it ain't no motherfucking sympathy
It's me out and fuck them motherfucking enemies
I got [?] my ball's in my word
I came from the gutta mane, you niggas got nerve
Pay respect when it's given
No mask on my face so you know who did it
Every time I'm hidin', you feel me?
Keep it so real man
Gotta have honor for real, honor for real
If you gon' hit them things, gotta have honor for real
