As I pray to the bitch, I promise to be fresh to the day I die

I promise to have a million bitches on my dick and never complain like these
dry ass thirsty dudes around the world

As I Stay Based and I rep BitchMob, I know that there will be a million hate
rs

But in the midst of a million haters, I will stay positive and I know I will
win later

Everybody loves BitchMob because all the bitches love us

Let us pray

Pray to the bitch

Let us pray again

Thank you BasedGod cause we know there will be nobody else like Lil B
