Time to stay at the top floor I'm still at the bottom
Robbery sucker for the bags like it's nothing hoe

Bank lift rob crackers they already hate me
Last name is Dash but I don't know stacy
These dope niggas got problem need to help them
The circle of death I see my people are selfish

Feeling like to hit the streets with love and passion

Thug life tanning and we way past envy
Just to make dollars without my soul been empty
