Lil B

You see this money
You see these diamonds
You feel me we wrestle hard for this
Picture us
Gettin rich
All the based boy stop getting licked
I never used to hide about stuffing zips
Mansions full of money we gonna get rich

I still hustle even when a nigga dough ends
Been raw since [?]
Don't buy a car but I make stunts
Count every penny yeah I love ones
I still spend hundreds I don't throw away nothing
Jack a bitch in the club for frontin' that money
I'm so jealous, bitches poppin' that pussy
If you don't fuck with I'm a knock her out
Bitch

Lost respect for the world cause I'm rich as fuck
Now bitch still rich I'm cool with that
Young nigga's getting money everyone getting mad
I know I'm proud of it
She wanna fuck me with cause I'm down with it
