

Some niggas got honor  
Some people got no honor  
Some people stay loyal  
And some people ready to run to the next thing and jump ship  
Whoever stay solid with Based World, you already know  
I love you for that  
Realest, rawest, ever

I rep Lil B, that's the dude I roll with  
Pop a couple bricks, watch the school get snowed in  
Niggas wanna burn with the mack or the cator  
I'm a ask you one time, to see the sunshine  
We see shit real, but you don't cross the gun line  
You get dumped off just for talkin' one time  
Niggas step back, put the scope right on 'em  
It's 05 Fuck Em, I'm a go right on 'em  
My gun go left, but it's so right on 'em  
Hit that bitch with the cator, there's no discrimination  
Niggas act fake, I don't appreciate 'em  
Real niggas love snakes, real niggas cut cake  
Fake niggas say things, but they don't hold no weight  
Real niggas talk, they keep your head on straight  
A lot of niggas rap, but them niggas aren't me  
I seen 45 before I turned 23  
I faced 21 before I turned 17  
Hit niggas up with the stars informants  
Black Op works is all in my dreams  
I'm wakin' up, I keep seein' fiends  
Fiends at the house, it was fiends on the street  
Still painting pictures, but I need a new screen  
I need new brushes and I need new paint, it's disgusting  
My car's a different color, just to show 'em that it's nothing  
They said they ain't want the beef  
They said that they love me, I put 'em in the grave  
They acted real fuckin' suspect  
Niggas switch subjects, money in the textbooks  
Money in the underground, niggas get they ass whooped  
Suckas play games, I'm a fold 'em like a Macbook  
Play with Lil B, fuck how you look  
I'm shootin' like [?] and I'm dunkin' like Westbrook, nigga

Let 'em leave and let 'em hate, nigga  
We don't need 'em, I don't want 'em  
Well tell 'em if they got a problem nigga, come see me
