Fuck it nigga. We back with it, you know what I'm saying. Thugged Out Pissed Off, all I can do is feel this pain. All the women that's been riding with me. You know what I'm saying. Everybody can be a nigga, you know what I mean. Anybody, you feel me. Thugged Out Pissed Off

The meaning of the window is the light  
You could focus on the picture, you gotta see it right  
Take advice bitch I used to not listen  
Til I [?] with the other  
My [?]  
[?] I eat the finest of fruits  
[?] like a kid bitch, take hoes on ski trips  
Listen to a lot of Egypt but they never called it  
[?] can't put a shirt on  
Bitches ain't shit but still wanna be your number one  
You could be my ten, pass around like smoking blunts  
I fuck you then I'm done, can't picture having fun  
Knockin' heads [?] fake love  
I know what day it is, don't remind me  
I wouldn't think about it, my life is grimy  
Time after time [?] bitch just die, please

Know what I'm saying  
I ain't never gave a fuck about 'em  
Lil B

[?] I smoke a blunt and I make believe  
My ears are like numbers, my lungs are like smoke leave  
Rain comes pouring down every time I go bad  
Metaphor for my pain that I see through this black mask  
My mind skips away when I open my mouth  
I turn up the volume, see this pain I'm talkin' about  
Waiting for [?] getting passed up by cabs in New York  
Thumbs up, lookin' like a nail in the dark  
This shit be this hard

Forreal  
See this pain, man  
Rawest rapper alive, you feel me  
Lil B man

We all tryna make a living  
Can't remember the last time I had Thanksgiving  
I can't celebrate, I won't forget it  
We could go for hours talk about Lil B classics  
You ain't on my level, this is pain [?]  
Sworn in the game, I never know what's real  
Only thing I got was the red and blue pills  
No money, I had to go myself, what's the will  
Even if I wasn't real, you wouldn't feel  
Pay attention, take the time and you listen  
On this highway of life, I rolled up boats on missions  
Take plains to spots I had no destination  
So focused I could wear my glasses backwards  
See life at a angle [?]  
One tied up, my other hand look free  
One foot in the door, one foot in chains

I got a warrant but I don't really follow the law  
Catch me when you catch me, this is for all my dogs  
Niggas under born into this life with wonders  
[?] my place in this world I was made by a woman  
Man is the other half, my [?]  
We all like [?]  
Living life to the fullest, never know when you pull it  
You said I was soft then you must be foolish  
Lil B in this bitch, I'm just like the ruler
