Fucking these hoes raw and feeding the bitches
She said her dog died and she need some money
And bitch, you gonna need a doctor
Guess I can't be mad cause I played myself
Living fantasies, the game of death
Gotta stay connected so you won't get infected
The game is infested with these broke ass bitches
There's a lot of fake P's and scandalous niggas
Riding a bar, trying to pimp some bitches
Need to step your game up and go hit a lick
Man shut the fuck up and quit worrying about a bitch
All a hoe can do is make you sick
Crying all with them AIDS and shit
Bitch got herpes and she trying to fuck ya
Your last name Rhymes cause you was a buster
I don't give a fuck man if you really love her
I'm telling you this game if you really love her
It's 2016 bitch, cash me out
If these hoes not paying, I'm moving down south

You can't lose if you're fucking with me

Stay in these type predicaments but it's all good we see the game, see what

Watching movies and think it's rude

Knocking bitches out cause I know what's real
