

# Cash

Lil Baby

Cook that shit up, Quay  
4 pockets full, nigga

Is you mad?  
'Cause I'm getting cash  
And in my place  
Bought a new Wraith  
She in my face  
I want her head  
I want her legs  
I want a redhead  
I want her head  
I want her neck  
I want her legs  
Don't even beg  
We can fuck on the floor  
We can fuck in the shower  
Hey, your friends at the door  
Tell 'em give you a hour

And they know I'ma GOAT  
I got paper and power  
Man, these niggas some hoes  
Everything they say sour  
I bought a Bentley and blew out her brain  
Since I got money and people done changed  
I'm keepin' my fourt, I'm up on my aim  
Jump out of line, I bust at your brain  
Shoebox money, it ain't nothin' to me  
I could make a hunnid in my sleep  
These niggas carryin', that's all they see  
They just wanna be like me  
Takin' this swag and then give it back  
I didn't get mad, I went and got more  
They just wanna be like him  
I don't wanna be like them  
Used to wanna be like him  
'Til I stayed down and ran up an M  
Baby ballin', they should put it on film  
Shootin' for bricks, I don't aim for the rim  
Fuck the gym, I don't work out  
Take a sip of he lean, wash the Perc down  
I got on all my jewels, foreign, and all my shoes  
These niggas mad 'cause I won't lose  
I gotta win, I just began  
No fake love, no fake friends  
Just 30 in the FN

Is you mad?  
'Cause I'm getting cash  
And in my place  
Bought a new Wraith  
She in my face  
I want her head  
I want her legs  
I want a redhead  
I want her head

I want her neck  
I want her legs  
Don't even beg  
We can fuck on the floor  
We can fuck in the shower  
Hey, your friends at the door  
Tell 'em give you an hour

I go deep in her throat  
Keep that shit on the low  
Don't nobody else know  
That's our business fasho  
We can fuck on the counter  
I keep takin' these downers  
Pop me a Addi, a Percocet, pour me a four  
Baby, we grown, we could fuck on the floor  
I'm gettin' money  
That's why they mad  
That ain't my fault  
Nigga, I'm a boss  
Get white chalked  
Playin' with an O.G  
I got bags  
These niggas owe me, they know me  
Standin' in the kitchen and workin' my wrists  
I made a duece, turned to a nick  
I make a nick, turned to a nine  
I made a nine, turned to a split  
You know the rest, I made a split, turned to a brick  
We in this bitch, we got it lit  
We got them sticks

Is you mad?  
'Cause I'm getting cash  
And in my place  
Bought a new Wraith  
She in my face  
I want her head  
I want her legs  
I want a redhead  
I want her head  
I want her neck  
I want her legs
