

# Cake Up

Lil Debbie

Yo, gimme a thot and I bet I sell you a dream  
Pass me the rock and I bet I carry the team  
Gimme a beat and I bet I carry the flow  
Show me a hater and watch me burry the hoe  
Who wouldn't knew the white bitch from the hood  
Was start to crackin' this rappin' and get to livin' this good  
Ev'rything I'm wearin' is custom  
I can even get my tree up in customs  
That's overseas for the dumb hoes  
But I'm still in the city goin' dumb, hoe  
The golden state, there ain't no escape  
If you ain't about tha dolla bill then we don't relate  
No fake shit, I been trill  
Queen got the city rollin' with me, so you know the deal  
No chill 'cause I'm dumb real  
Been killin' bitches bout to put my shit in overkill

Shittin' on hoes when I wake up  
Mo' money, no pay cuts  
Rollin' my tree, get your bake up  
It's all good 'cause my cake up  
Bitch, I got my cake up, I got my cake up  
I got my cake up, I got my cake up  
Bitch, I got my cake up, I got my cake up  
I got my cake up, I got my cake up

Yo, fat pockets with a fat ass  
Got my hands dirty, comin' up, I never had a pass  
Not a thing given so I'm on a take  
Why you think they call me Lil Debbie, 'cause I work the cake  
I just whip it, yeah, I whip it good  
Lookin', I don't see the competition so it's understood  
I'm too busy, stayin' busy  
Tryna pave my own lane, word to Nicki and Iggy  
Ain't no lookin' down when you wear the crown  
Money ain't the issue there's enough of that to go around  
Started from the bottom, now I got it  
Five figures for a show, not a problem  
Light work 'cause I'm comin' for a million  
I got work and you fuckin' with a real one  
I'm everythang phony bitches ain't  
Watch me on the rise, guarantee I'm 'bout to break the bank

Shittin' on hoes when I wake up  
Mo' money, no pay cuts  
Rollin' my tree, get your bake up  
It's all good 'cause my cake up  
Bitch, I got my cake up, I got my cake up  
I got my cake up, I got my cake up  
Bitch, I got my cake up, I got my cake up  
I got my cake up, I got my cake up
