Bricks, bricks, bricks so exciting to me  
Bricks, bricks, bricks, they are whiter than me  
Thirty six six sound right for the key  
Got 'em off the ship sail right from the sea  
It's a party going on it's like four in the morning  
In a millionaire's home he be calling and calling  
Man I'm already coming, engine already running  
They can feel the rush coming, yeah, they already numbing  
This that Hannah Montana fasho  
This that Lindsay Lohan, that blow  
This that Hilary D, it's that Hilary Duff  
Yeah, I'm even Britney stoned  
This that Mary-Kate, Ashley yo  
So many bricks that I got for the low  
You got the money I'm letting it go  
Plenty snow bunnies, yeah, I got the flow  
And I'm letting you know, yo

Hillary Swank whippin' that million dollar baby, baby, baby  
Duckin' the Duke Tracy, pitchin' Warren Beatty  
I got that Jack Nicholson, you should come and pay me  
Like the Cocaine Cowboys gettin' in the 80's  
Clint Eastwood, servin' that Slim Shady  
Whippin' that, whippin' that Vanilla Ice  
That is my Miami vice, hoppin' out drippin in ice  
Fuck what you heard, I'm flippin' these birds  
And I'm never droppin' my price  
Honestly, that's being nice  
Just call you wanna get right  
For sure I got that white  
I'm so raw that I could do life, but not in this life though
