

Faded

Lil Debbie

(I'm all gassed up)

2pm, my head still on drop
Last night, worked the Henny like I was on chop
Can't remember, but I guess I met a guy named Rob
He tapped in, had to ask him, this is what I got
He said, "Yes you were gone and two-three was on
Even lost a shoe but I guess you didn't notice
Hey, you didn't leave till 6 in the mornin'
You was faaaded" – Who me? (You!)
He asked, "Wwatcha wanna do?"
'Cause he got a pocket full of green
And his homeboy's full too
Normally I play it cool
But he was looking daddyish
And I really needed new boots
Slid off the panties, got popping like Xannies
Sucked on my neck, say he eat me like pantries
But we ain't do shit, you fell asleep, I ain't aggy
You was faaaded

We about to get faaaded (Faaaded)
We about to get faaaded (Faaaded)
Take a lil dis, roll a lil dat
Sip a lil dis, smoke a lil dat
We about to get faaaded (Faaaded)
We about to get faaaded (Faaaded)
We about to get faaaded (Faaaded)
Take a lil dis, roll a lil dat

We about to get faaaded, faaaded

Woke up quick, a lil' past noon
Forgot that I had to be at work real soon
Damn, in my head I felt a slight throb
Had my middle finger up like, "Fuck that job!"
I got 20 missed calls, a hunnid-fifty texts
I'm really tryna reflect but I know that's how I get
When I'm waaasted, I really musta been faaaded
So I call back, "Yo, I need answers
Why do they got me dancing all over the 'Gram?"
I guess the hangover just wasn't enough
'Cause in the video, ay, I was fuckin' it up
Ay, ay, ay, ay
'Cause in the video, ay, I was fuckin' it up
(I was fuckin' it up, I was fuckin' it up)
'Cause in the video, ay, I was fuckin' it up
