

Say My Name

Lil Debbie

Say my name, say my name, say my name
Say my name, say my name, say my name
Say my name, say my name, say my name
Say my name, say my name, say my name

Say my name, say my name, say my name, hoe
I ain't really been the same since I came though
Say my name, say my name, say my name...
I ain't really been the same since I came though

Say my name, say my name, say my name, hoe
Say my name, say my name, say my name, hoe
Say my name, say my name, say my name, hoe
Say my name, say my name, say my name, hoe

Lil becky with the good hair
Still trapping in the kitchen, yeah I'm good there
That's a 7 figure stack it's been a good year
That's like 700 horses in my hood there
Yeah, yeah, pedal to the floor, shit that's how I roll
Never hit the breaks, never lose control
If I turn it up when I put it down
Hand a bitch the work, you know it's a go

Can't be, bitches tryna play me
Spit that shit just liek a Smith n Wesson, ain't no safety
This shit bang, watch I'm doing my thing
Switchin' lanes with the gang
Who the queen, say my name, say my name

Say my name, say my name, say my name, hoe
I ain't really been the same since I came though
Say my name, say my name, say my name, hoe
I ain't really been the same since I came though
Say my name, say my name, say my name...
I ain't really been the same since I came though

Say my name, say my name, say my name, hoe
Say my name, say my name, say my name, hoe
Say my name, say my name, say my name, hoe
Say my name, say my name, say my name, hoe
