

So Fly

Lil Debbie

Push to start
Engine bark
Fuck your thoughts
Still push the mark

International and
Highly fashionable
Face and ass you
Hoes barely smashable

Shitting on me hoe that's hardly practical
Realist in the room hoes partly factual

Party starter just popped the cork
I Rode a wave so long had to cop a boat

I rode a wave so strong had to dock the boat
And pick up the jet I think my year is set

Same bitch with a red cup (yep)
A few blunts (check, check) but my checks up

Next step only flex no respect for the hoes that slept best bet eat the crumbs that I left
Next step rule the world in a nutshell cause I do well with the...

Bitch, kiss my ass!

I'm so fresh, I'm so fly
Cool it down my shit fly

I'm so fresh, I'm so fly
Cool it down my shit fly

Push the gas when
These Bitches crash in a
Different class
Bitch kiss the ass

Flipping cash and
Bigger stashes with
Private passes and
Camera flashin' bitch

Debbie love the buzz if we puffin pass it
I just got another round so let's fill the glasses

Party starter just popped the cork
Been on a wave so long never rocked the boat

TSA came around never stopped the dope
We straight to the jet I think my year is set

Count another 100 bands the shit makes me wet
Hoes wanna fill the shoes step step

Next step only flex no respect for the hoes that slept best bet eat the crumbs

bs that I left

Next step rule the world in a nutshell cause I do well what these other hoes
do fail well

Bitch, kiss my ass!

I'm so fresh, I'm so fly
Cool it down my shit fly

I'm so fresh, I'm so fly
Cool it down my shit fly

I'm so fresh
