Lil Debbie

Stunt on a bitch, ey, ey  
Ey, ey  
Kid Classic  
Ey, ey

I'm still the queen of this shit, feel like I just found a niche  
I ain't gonna quit 'til I'm paid, yeah I just stunt on a bitch  
I know they want me to slip, just want something to flip  
That's why I walk with a chip, ain't no more room where I sit  
I'm still the queen of this shit, feel like I just found a niche  
I ain't gonna quit 'til I'm paid, yeah I just stunt on a bitch  
I know they want me to slip, just want something to flip  
That's why I walk with a chip, ain't no more room where I sit

I invented this shit, bitch you can't pay for this shit  
I never played by the rules, there ain't no taming this bitch  
Fuck that talk, my money talking, my type of language is shit  
They say I changed cause I'm rich, I don't feel shame for this shit  
I been a ref in a rip, ain't no respect for their lip  
Serving these bitches so long, it's only right when they tip, shit  
It's only right that I serve, bottles on special reserve  
I don't react on the swerve, I don't go back on my word

Bitch know my word is my bond, I'm always smoking that bong  
I got your man in my arm, I got your world in my palm  
Bitch I prefer to be calm, but I bring the terror, Saddam  
I'm calling shots like a don, bitch I'm a boss you a pawn, fuck is you want

I'm still the queen of this shit, feel like I just found a niche  
I ain't gonna quit 'til I'm paid, yeah I just stunt on a bitch  
I know they want me to slip, just want something to flip  
That's why I walk with a chip, ain't no more room where I sit

I may just stunt on a bitch, I pop the wheelies and shit  
Yeah I'm too sick with the tricks, I'm bout as real as it gets  
I may just stunt on a bitch, roll up a blunt on a bitch  
Yeah I just roll with the hits, I never fumble or flinch  
Never been humble a bit, I just been sick with the charm  
I'm like the baddest of blondes, you just a pro with the cons  
I'm just the best of the pros, never been stressing you hoes  
That's why I flip 'em the bird, I don't go back on my word
