

Work The Middle

Lil Debbie

Back and forth, work the middle
Back and forth, work the middle
Back and forth, work the middle
Work the middle, work the middle, work the middle
Back and forth, work the middle
Back and forth, work the middle
Back and forth, work the middle
Work the middle, work the middle, work the middle

I need that money love, MTV
Might blow me a dub and play a mp3
Don't throw me a sub or mention me in a tweet
I might throw you a slug, and it will hit like the beat
Yeah, I roll with the thugs, keepin' it G
Up in the cut, makin' it bleed
Rollin' it up, blowin' the trees
I weather the storm, I'm makin' it freeze
Ayo cus, pour me up another, yeah, I'm tryna get buzzed
Ask for my number he a lame I'm like thua
Mobbin' with my bitches like turnt down for what?
All up in this bitch like we don't give a-
808 keep bumpin', they gon' hate that's nothin'
If you great, prove up then and this lane, move something

Back and forth, work the middle
Back and forth, work the middle
Back and forth, work the middle
Work the middle, work the middle, work the middle
Back and forth, work the middle
Back and forth, work the middle
Back and forth, work the middle
Work the middle, work the middle, work the middle

Money that middle, pony that diddle
Blowin' that fiddle right down where It tickle
Right now in this venue, I'm on the menu
So come on and get you, this good ass official
Like stripe shirts, daddy better blow on that whistle
He got that bone, gnaw on that gristle
Stare at my fiscal, paid for the year
Let's celebrate all my people in here
Yo cus, we over here doin' what we does
We up in here like peach with the fuzz
We over here, now the party's with us
Drinks up like cheers, yeah, the bottles on buzz
808 keep boomin', everybody keep groovin'
Nonstop keep movin', like "he out", we crusin'

Back and forth, work the middle
Back and forth, work the middle
Back and forth, work the middle
Work the middle, work the middle, work the middle
Back and forth, work the middle
Back and forth, work the middle
Back and forth, work the middle
Work the middle, work the middle, work the middle
