Lil Debbie

Yeah, yeah (Kid Classic)
Yeah, uh, yeah, yeah

Who the boss, hoe, who the queen?
Fallin' off, though, what you mean?
I done built a real life lookin' better than a screen
A big bag got me wetter than a dream, like
Drip, drip, drip, how I'm steppin' out
I'm the fuckin' reason bitches stressin' out
I'm that bitch that's shinin' when the sun is down
I'm the bitch get it poppin' when I come around
Bitches lookin' stupid how I flip a riddle
Watch the motherfuckers lose it when I hit the middle
Boy I know you wanna fuck, you can't fuck with us though
Got my circle that I trust, that's how far my trust go
Got these lil bitches talkin', I'm just back to do it big
They be movin' all cap, I be moving how I did
Ain't a damn thing changed, givin' bars how I live
They be talkin' what it was, I just tell 'em what it is

I'm the baddest (Yeah yeah)
Yeah, I'm a savage (Yeah yeah)
You know it's fire (Yeah yeah)
If Debbie bag it (Yeah yeah)
I just ship it (Yeah yeah)

Yo, I'm the recipe for what I'm whippin'
I brought the flavor in the building 'cause that shit be missin'
So don't be askin' where I been, I never left the kitchen
These bitches still be takin' shots, I ain't never flinchin'
They just meant that Debbie ballin', every shot be swishin'
If you studyin' my moves, every plot be twistin'
Just know I got the spotlight 'cause of tunnel vision
And you ain't 'bout that life, bitch, abort the mission
Bitch, I'm legendary, hustle in my blood, shit hereditary
Never scary, bossin' you around, bitch, it's February
Ordinary, bitch, I'm nothing shorter than extraordinary
Bored already, all my baggage shit been any more than heavy
Major weight, major weight, we got major weight
I'm relaxin', bitch, I'm taxin', talkin' major rate
If they try to move the work, better pay the piper
