

## Back In Business

Lil Dicky

Yeah fuck you think you dealin' with  
Every time ya hear da the kid you know he bout to kill dis shit  
Every rhyme is sicker than an ugly bitches period  
You know the Jew is building something I ain't talking pyramids  
Them bitches with titties they wanna get up at the kid  
They instant messaging Dicky, they wanna get up on his dick  
But I ain't ready to hit it, because I'm relatively timid in th  
e bed I admit it  
But fuck that gay shit we should fuck soon  
Baby whatchu wann do  
Tell me when to come through  
Take you out to ritas then I'll skeet up where dat tongue blue  
D could tweet a freak till I'm peekin' up at a cheek and that p  
hysique'll  
Have me jackin' ma D if I don't agree to meet at her at her fuc  
king condo  
Eat it like a combo  
Need it in the mourning or I'm heated like Alonzo  
You know that the geek about mack up an actress  
Imagining McAdams all on ma mattress  
Attackin' ma sack and attractively crackin', ejaccin', we nappi  
n'  
The fuck you think you doin'  
I'm rappin' some crack and I'm lackin' the practice cause the J  
ew  
Dat's been smackin' the track up and snappin' has actually been  
doin'  
This shit, renewing the spit, for one year  
Fuck it tho  
Think you better read about ma fuckin' flow  
I'm smoking weed with clueless bitches cheatin' playin' suck an  
d blow  
Eatin' on some buffalo chicken fingers on a boat  
Went from being honor roll to spreadin' like he on a roll  
Haha... Whoa  
Okay now I'm on a roll  
Scoring got em screaming commentators speaking on a goal  
Tourin' writing TV, getting greedy but I'm honorable  
I swear dat Dicky isn't that conceited but I think it's time to  
Roll another spliff, and we blowin' that  
Salt and vinegar up in the whip, yea I'm holdin' that  
Bitches droppin' back up in shotgun like they was Flacco or Rod  
gers  
I'm doin 60 so I tell em to stoppit, I need to concentrate  
The hoes know DI, been goin' MIA  
I'm in the four door Fiat, with poquilla  
Bitches das been showin' me interest
