Lil Dicky

Cool Brain

Y'know, I think you might be better off  
Focusing just a bit more

What, whatchu mean I'm f-  
I'm locked in bro I'm  
Whatchu mean?

No it sounds cool and all I'm just saying  
Like you know  
Maybe it could be a little less random  
Or if you-

Man, don't get all high and mighty at me bro  
My shit a wave bro  
Fuck outta here

No totally and I like your music  
I think it's-- I like it  
I just think I'd love it

Man

Let's just come up with some ideas for you

Like song topics and shit that's what you sayin?

Yeah exactly let's brainstorm some topics

Ohhh no you said brainstorm?

Uhh yeah just a brainstorm

Brain gotta think  
Brain don't even know

What's going on?

Usain Brain, they call me Usain Brain cuz I'm fast

Brain in the club  
Brain thinking up stuff  
Brain pourin up  
What's going on man?

Tell 'em Brain! Heyyy!

It's a brainstorm  
It's a brainstorm  
Time to think of some ideas  
It's a brainstorm  
It's a brainstorm  
Everybody know the drill  
Oh it's a brainstorm  
It's a brainstorm  
Time to get my ass in gear

Brain don't even know  
But the Brain don't even know  
But the Brain don't even know

What the fuck is happening?

Brain so overanalyzed  
Scrutinizing every single move

So weird

The Brain had no further questions Your Honor (I object)  
Well I can testify

There was a brainstorm  
There's a brainstorm  
Time to think of some ideas  
We in this it's a brainstorm  
It's a brainstorm  
Everybody know the drill  
Oh it was a brainstorm  
It's a brainstorm  
Everybody know the drill  
Woah Nelly it's a brainstorm  
It's a brainstorm  
Better bring your best ideas

What the fuck was that?  
Did you even come up with anything or no?

No, not yet, but the process is underway now  
So any minute  
I should be cookin' I should be whippin' it up

Alright, take your time  
It's your process just let me know  
I'm always down to help whip or whatever you need, so  
I'll be, I'll be in the kitchen

Whatchu want, whatchu gonna make?

Nah, I'm actually just gonna clean the kitchen

Oh alright, bet

You say bet now?

Yeah  
Alright, see you later Brain
