

# Famous Dude

Lil Dicky

It's like, these days dicky been up on his grind  
Tryna spit a rhyme  
Fly enough to get cracker signed  
It's aight tho  
I been typing all damn night bro  
Kikes gotta write raps right, no typo  
Nice flow  
Best up in the game, no Michael  
I guess I gotta wait for the fame, no lipo  
But damn, if ya man had a hoard of fanbase  
I'd have a lot to cover like a corpulent klan face  
Go on some man dates  
With D'Caprio and Drake  
And make a man cave full of chronic and pancakes  
A handshake's all I'm really wantin from LeBron tho  
Iono  
Think I'd rather get up with his mom  
And do it delonte, couple bottles of Andre  
In pompeii, getting dirtier than some laundry  
I'm freakin that ho, just for Cleveland man  
But first thing I'm a need some fans

Cause little dicky tryna make that cake, like a balla do  
And denigrate little wayne up at a bar-b-q  
And I just wanna hit the floor with pauly D  
And cross swords up with Tommy Lee  
So where the muhfuckers drinkin the ciroc at  
Where the fuck the rock at  
Where the bad bitches on this mediocre cock atttt  
I'm tryna make the move  
From gay, lame, dateless jew to famous dude, ya dig?

First grade and I was thirsty  
I was wantin fame up in the muthafuckin worst way  
Word play, gotta get ya ya boy up on some first take  
Skip Bay, Steve A, get up in they ass ya dig  
If I'm celebbin then I'm getting with mccadams's  
The hottest women on the muthafuckin planet kid  
I'm tryna get up at Selena  
Mess around with mila  
I remember when it was Christina  
Genie up in a bottle, but now she couldn't fit up on a waterbed  
I wanna score a ten imagine Natalie portman  
And if she borin then, ill get a ride in ma DeLorean  
And go before it, securing the whore I been adoring since  
I was a teen, ya mean  
Brittany spears, whacha doin  
Couple years, dat career and dat metabolism ruined  
Yain't know about me yet  
But the future do  
On youtube, I been getting some views

Ay, enough about a boo, ion't need a bitch  
But I need a clique  
Full a people Derek jeterish  
Love the bieber kid

That's a hell of a dude  
Well I ain't met him but his documentary was the truth  
I'd holla back at snoop, drop a couple tracks in the booth  
He'd prolly have me high enough to take a nap as I poop  
I'm callin kobe Bryant up because I'm fucking with his game  
But it's such a shame, I can tell that muthafucka lame tho  
Flame flow  
Ain't nobody even know ma name tho  
And all I wanna do is know if channing's really gay tho  
All I wanna do is play Durant up in some Halo  
Play shows, date hoes, where the fuck diddy at  
Where lil dicky gonn spit at  
And where the crib at  
And where da rose gold shit at  
I'm tryna get dat  
I wish dat I was sitting courtside for games  
And lickin on Kate Upton's titties
