

# John's Gone

Lil Dicky

Maybe John's a dove  
Maybe he's a cow  
Maybe he's a piece of soil or a molecule  
Reincarnation, some things would be cooler  
Than other things  
What would John wanna be?

He'd be me I think  
Is he in me now?  
Kinda feel like that he might be  
But it might be the adrenaline  
I don't know what his parents want me to do  
This is challenging  
But I think John would want me to be me  
Because he liked me

He has the info  
That we all want  
But we can't have  
I know your sad  
I know it sucks  
But just be glad  
He knows universal truths

John's gone
