

## The 90s

Lil Dicky

Man I wish I was a kid  
Thinking bout the third grade  
Back in '96 in my Michael Jordan jersey  
French fries curly, cool with it, raising Tamagachis  
Dick 3 and a half, the same as a floppy  
Nerf guns loaded and we shootin at y'all motherfuckers  
We ain't getting hoes, but we getting soda  
And we was fucking with the swag of The Fresh Prince  
Ain't nothing like when you had mad tokens left  
In that arcade balling  
Watching tickets falling  
Pegging stupid bitches in the motherfucking ball pit  
Landline calling  
Chilling at the mall  
And if this the type of shit that you recall well then

Let me hear you shout  
If you grew up in the 90's  
Then you know what I'm about  
Don't you wish we could rewind it  
I wish we could, man I really miss it  
Cause we having fun all day  
Slept all night  
Best ten years of our whole damn lives  
Blowing on a cartridge, a lot of fucking farting  
I would give it all up, if I could restart it

Sitting on the school bus  
Flipping through some Goosebumps  
A minute 'til I'm shitting out the school lunch  
Wanna know what cool was?  
Starter jackets, Jock jams, and Pop Rocks  
Sega in my room, baby boom shaka laka  
Lot of slammers in my pocket, flippin them pogs  
And I knew every modem noise in ma aol login  
On that Oregon Trail  
With Keenan & Kell  
I was jerkin off daily, TRL  
But that Saved by the Bell  
Was on some fuckin hot shit  
OJ to jail, oh wait that glove did not fit  
Short shorts Stockton  
Beanie Baby profits  
And NBA on NBC if you remember watching

Remember getting greeted with Scholastic mags  
I hated it reading but it made me need that shit so bad  
And we was spinning that bottle, de-prude hoes  
Winning full throttle, Nintendo  
Switch the flow up, getting donuts  
Fruit roll ups, wishing we could be a grown up  
Being so dumb, fucking with the kid, call me Lil Dicky Griffey  
And my koosh balls big, man I think I had 50  
Love those mentos ads  
There were ten boy bands  
I had ten ring pops on my hands

Plus I love that Nick at Nite nighttime  
Kicks had lights  
Shine brighter than some tights when they was tag team fighting  
Shout out to Topanga  
Fuck you know about Jenga?  
Best head ever from a Pez dispenser
