

# White Dude

Lil Dicky

And y'ain't even want it with da boy  
Cause the way I'm livin life, is a muthafuckin joy  
On some grown man B.I.  
I could have been a girl  
Or any ethnicity up in the world  
But I'm rollin with the top back  
I ain't gotta worry where the cops at  
I ain't gotta wear a fucking bra strap  
Me and the crew  
Are really doing everything that we like to  
Man it's a damn good day to be a white dude

Shit, I'm living good up in this bitch  
Dicky rollin round the city, blowin good up in that wip  
I ain't black or Dominican, not Hispanic or Indian  
So imprisonment is not a predicament, I envision  
For a white boy  
Hollatcha muthafuckin kike, boy  
Higher than a muthafuckin kite, it's iight boi  
They ain't suspicious of jews  
I'll show contrition it's cool  
Slap on the wrist, get ma daddy to choose  
One of them top lawyers dat be rollin round in his crew  
I'm eating chop soy and bowlin on a carnival cruise  
Das what I do kid  
Happy that my name ain't stupid  
Dave coulda been Daquan with a few kids  
But now I'm farting, overeating at meals,  
If ain't I gotta theme party, Ion't be at goodwill  
I'm dentist paying, tennis playing, smellin on some cabernet  
And I ain't gay but if I was, everything would be okay, look...  
I know I'm being condescending in ma rhymes  
But ma premium channels mean tyler perry's never live  
Getting tickets, they sick, I sit at the eagle 45  
Where I'm eating when I'm high's where they eat at to survive (food chainssss)

Yeah. It's little DI in this bitch ho  
Happy that I'm white, but relieved I ain't a chick yo  
I never wake up and have to cake on ma make up  
Or straighten hair, I ain't given a damn  
I'm wearing whatever I wanna in this muthafucka  
They up in heels  
And tummy tuckin, theyon't grub except for takin them pills, foreal...  
And ion't bleach shit  
Ion't gotta eat dick  
I ain't bleeding up out ma penis  
Smoking the weed, ion't fall asleep because I'm cheefing  
In disagreements, I participate without weeping  
And when I'm freaking, I'm getting daps, high fives, and all that  
Ma rep goin up, and at best, ho a slut  
So what up  
Ya boy cut up  
But eat butter  
And I ain't gotta speak to ma mother... to still love her  
And I been getting better looking with age

But a guy can get who he deserves with a horrible face  
Seal interlude  
I go on dates, and never have to worry bout getting raped  
And I watch a game and never have to worry bout how it's played  
And I meet a babe and never have to act deliriously fake  
And if impregnate I can pack a back and be on my way, but good luck girl!

Yeah... I'm happy as fuck man  
First off I'm a dude so  
There was a one in two chance of that sucking  
But now I can run a seven minute mile  
I can defend my self adequately  
I can be logical  
I can get along with my room-mates  
Watch serious movies without being scared by them  
And the on top of that I'm white  
Which is like, amazing because  
Everybody naturally assumes I'm a great person  
I get a fair shot at the life I deserve  
I mean I could underachieve my way into any college in the country  
I get my hair cut at a salon  
People hold the door open for me which is nice  
Er, I never have to get into a fight, like, for social purposes  
And please don't take this as me just disparaging black people  
It ain't about that  
It's about me being happy that I'm white, know what I'm saying?  
But on that note, could someone explain to me why Fat Joe, and any other person of Hispanic descent, is allowed to say the N-word  
I mean I guess it's unrelated but like that shit don't make any sense  
I've been thinking about that shit a lot  
Because like if I could say the N-word, it would really help my rhyme scheme out  
It's like the perfect filler word
