

## Eazy E

### Lil Double 0

Nigga with attitude, I'm feelin' like Eazy E in the back of the Jeep  
Got a Glock and a chopper on me, if you play with Lil Double 0 you rest in peace

Uh, we finna creep

Mm, slide, hop out a Jeep

My lil nigga keep a choppa for me

In an SRT ridin' with red key

Uh, only 19 poppin' this shit, if you play with the block then I'm poppin' this stick

I got the drop from my opp lil bitch, I'mma pull up with choppers and hop out and hit

Talk too months then I'm droppin' the bitch

One wrong move then I'm poppin' the bitch

Talk too months then I'm droppin' the bitch

One wrong move then I'm poppin' the bitch

Free Lil Body, he locked on a robbery

That's my lil son, so you know he gon' follow me

Gotta go to Johnny, go get some diamond teeth

Ain't with the talkin', they say that the talk is cheap

If he showin' too much it's a robbery, come from the trenches I grew up in poverty

High speed chase, make the police come follow me

Took off in five months, it ain't no stoppin' me

Let's go

And I'm big 4K til I die

You want the smoke, you get put in the fye

You must've known, niggas died from that fye

You tryna be a real stand up guy til I hit with this drac' til yo bitch ass die

When I lost Beno, I couldn't even cry

I knew that niggas gettin' hit with that fye

Either way you know we all gotta die

Hit his block, up the drac', let it ride

Life full of choices, you gon' pick a side

If you runnin' with me, if you ain't better hide

Spin the block all day til a nigga get tired

Spin a nigga block up like a hide it with Tide

Ain't no love in these streets you get hit with this fye

And I'm big Double 0 til the day that I die
