

# Can't Hide It

Lil Durk

So like, relationship status  
'Cause the ladies will not be happy with me  
So like, how's the relationship status?  
Married  
Married? Woo

Call you out the blue 'cause she don't send nudes, I wanna see your body aga  
in  
And I'm so selfish, I cannot deny it, that's why I don't trust none of your  
friends  
Turn your location on just for safety reasons or I'ma start callin' your fri  
ends  
I'm too insecure, I'm not crazy, I be tellin' her to change her pants  
No NDA, then she probably gon' tell  
Touch her private at a private hotel  
We can fuck, but I'ma leave you with bronem  
Respectfully, baby, that's how I'm programmed  
Like pretty feet, so I kiss on her toenails  
Cool with the owner, they open the store still  
Cover the door when you smoke in the hotel  
You fuck with a trapper, you know how the dope smell

I don't usually be apologizin'  
For some reason, you got me smilin'  
This how I was raised, so tell your parents I'm not violent  
This how I was raised, I'm from the trenches, I can't hide it

I'm so sorry, I can't hide it  
I'm sorry, I can't hide it  
I'm so sorry, I can't hide it  
Sorry, I can't hide it  
I'm so sorry, I can't hide it  
Sorry, I can't hide it  
Sorry, I can't hide it  
I'm sorry, I can't hide it

Either way it goes, I want you to know  
I'ma tryna see what that's hittin' for  
No need in makin' it difficult  
Just say the word and it is a go  
I'll be on the way, open up the gate  
Can't even wait, baby, rip my clothes  
Fuck me outside on my tippy-toes  
I'm just tryin' give you a visual

And if that's soundin' like somethin' you would like  
It ain't really nothin', I could come over tonight  
You been heavy on my mind and I cannot deny it  
I can't even lie

I'm so sorry, I can't hide it  
I'm sorry, I can't hide it  
I'm so sorry, I can't hide it  
Sorry, I can't hide it  
I'm so sorry, I can't hide it  
Sorry, I can't hide it  
Sorry, I can't hide it

I'm sorry, I can't hide it

I'm so sorry, I can't hide it

Sorry, I can't hide it

Sorry, I can't hide it

Sorry, I can't hide it

I'm so sorry, I can't hide it

I'm so sorry, I can't hide it

Sorry, I can't hide it
