

Forever

Lil Durk

Oh, oh
Forever
Forever
You're so lazy

When you thinkin' 'bout, was this forever? (Forever)
This the family, we built this forever (Forever)
Always keepin' my foot on the pedal (Pedal)
No, I'm great, not just good, I don't settle (Settle)
When you thinkin' 'bout, was this forever? (Forever)
This the family, we built this forever (Forever)
Made a promise I'd get it together (Together)
Now we up on a whole different level (Level)
Forever (Yeah), forever (Yeah), forever (Yeah), forever (Yeah)
Forever (Yeah), forever (Yeah), forever (Yeah), forever (Uh)
Forever (Uh), forever
Wasn't always like this, I remember
It was cold in the middle of December

Way before I was focused on gettin' rich
Way before the cosigns and acknowledgments
There was a time I ain't think I was makin' it (Makin' it)
Spent my nights gettin' high, I was chasin' it (Chasin' it)
Three point five in my 'Wood, I was facin' it (Facin' it)
I would hide in a mask like Jason did (Did)
In a hurricane, I went off the grid (Grid)
Had to meditate on the life I lived
I know can't see growth when you stuck in the moment (Moment)
Spent my dough on drank and exotic (Exotic)
Ain't think much about the pain I was hidin' (Hidin')
As time went on and my days got longer (Longer)
Somethin' felt wrong 'bout the shit I was on (On)
Been way too long since I had deep problems
Way too long since I had deep problems
Way too long since I had deep- (Uh)
2019, I dropped out of school
I couldn't explain what I was gon' do
Life on pause, had to resume
Kept makin' these songs inside of my room
Missin' these calls, I'm not in the mood
When I take a loss, I gotta improve
Whenever I go through this pain, it's my muse
Channel my rage, I might blow, light the fuse

When you thinkin' 'bout, was this forever? (Forever)
This the family, we built this forever (Forever)
Always keepin' my foot on the pedal (Pedal)
No, I'm great, not just good, I don't settle (Settle)
When you thinkin' 'bout, was this forever? (Forever)
This the family, we built this forever (Forever)
Made a promise I'd get it together (Together)
Now we up on a whole different level (Level)
Forever (Yeah), forever (Yeah), forever (Yeah), forever (Yeah)
Forever (Yeah), forever (Yeah), forever (Yeah), forever (Uh)
Forever (Uh), forever
Wasn't always like this, I remember
It was cold in the middle of December
