Lil Durk

Nile, I hear you

Yeah, I'm thuggin' in these streets, I live my life with no regret

I've been clutchin' on my heat, I'll take your life if you a threat

I ain't stressin' 'bout no bitch, my only focus is a check
I'm on next to make it out, go and tell 'em I ain't scared of it

Nigga, bet up, you play with me and I can promise you get wet up

Apply that pressure on them niggas, never let up

Don't show no sympathy to enemies

Uh, and drop a opp just like a Kennedy

Pussy, watch your mouth, come and show me what you 'bout

Yeah, I used to show mercy until they shot my daddy house

Send some shots, we swap 'em out, hit 'em up without a doubt

Hit 'em up, come and drop your mans and make you pout

I remember I was thuggin' with the dirty shoes

Percocet tens and you know we on them thirties, too

Main nigga dissin' on the gang, I ain't heard of you

He gon' come up missin', do 'em bad like they other dudes

Rock out with that heater, I'm in that water, I done went deeper

My lil' youngin, he a reaper, that boy'll take your soul from you

How the fuck is he your dawg and he ain't rode for you?

Applyin' pressure to these niggas like I'm 'posed to do

Watch them niggas close to you, I know my time is overdue

They been hatin' on the kid, doin' what I gotta do

Who kept it real? I know a few niggas changed up out the blue

They got mad because I grew, my name Mexi', who are you?

Yeah, I'm thuggin' in these streets, I live my life with no regret

I've been clutchin' on my heat, I'll take your life if you a threat

I ain't stressin' 'bout no bitch, my only focus is a check

I'm on next to make it out, go and tell 'em I ain't scared of it

Nigga, bet up, you play with me and I can promise you get wet up

Apply that pressure on them niggas, never let up

Don't show no sympathy to enemies

Uh, and drop a opp just like a Kennedy
