

Why I'm Next

Lil' Flip

Yeah
Look

That's why I'm next, how I'm doing, yeah I'm good
I got checks, yeah, let's get this understood
I'm on they necks, when they see me in the hood
Know I'ma flex, that's why I'm next
That's why I'm next, how I'm doing, yeah I'm good
I got checks, yeah, let's get this understood
I'm on they necks, when they see me in the hood
Know I'ma flex, that's why I'm next

I can make that call tomorrow and run that plate [?]
Promise dog they [?] what you think that chopper for?
You come up, they won't applaud, you fall off, they all atop
Like bitch, that's just a technical, y'all know I be balling hard
It's fourth quarter with four seconds, pass the rock, I know what to do
Shot to three 'cause they holding lane, point two when I'm 'bout to shoot
Bettled on that I'll probably lose, hit a win then hit the ring
But it's going in [?] I been playing first attempt, look
Man up, whole band up, what you thought I came to do
Got brothers with me that changed up, can't blame 'em, what I'm supposed to do
Can't thug with 'em, share blood with 'em, opposition posed as a threat
Really like that I'ma really step, really like that bitch, that's why I'm next

That's why I'm next, how I'm doing, yeah I'm good
I got checks, yeah, let's get this understood
I'm on they necks, when they see me in the hood
Know I'ma flex, that's why I'm next
That's why I'm next, how I'm doing, yeah I'm good
I got checks, yeah, let's get this understood
I'm on they necks (yeah, I'm on they necks), when they see me in the hood (Lil' Flip in the building)
Know I'ma flex, that's why I'm next

Uh [?] I got now, I'm the one that rocked the crowd
And don't forget, I'm the one that got twenty two mil from live
Uh, I been the best-dressed name, a rapper flier than me
I keep a Tec, yes, it's terminator wires in me
It's bent wires and teleprompters with words on 'em
When I retire my tables still gon' have birds on 'em
Two double-O to the I-A, I got plenty shooters in the tri-state
And we [?] hoes, we [?], I'm from Ace Town where we [?]
And [?] I been had 'em, I had rings on me like Saturn
I come from a raw bloodline, you can't copy this pattern
These chains on me, they mine, you reach for 'em, you die
The [?] in my lap, just a case, gotta admire

That's why I'm next, how I'm doing, yeah I'm good
I got checks, yeah, let's get this understood
I'm on they necks, when they see me in the hood
Know I'ma flex, that's why I'm next
