

I be slidin' through your hood with a fou five
Big strap, desert eagle and I tote nine
Late night on your block with about five guys
Black mac, black tints and a fou five
I be slidin' through your hood with a fou five
Big strap, desert eagle and I tote nine
Late night on your block with about five guys
Black mac, black tints and a fou five

You can get the slang, ridin' with that fye
Pussy didn't you dick her down, I'm on my Obama shit
Mustang yellow hummer got me floatin' in a bumblebee
Jammin' in my day one, thumbin' through it, had a double tree
My trap jump, my trap buggin'
She just tryin' suck me up, cause I'm buzzin'
Lucid dreamin' off the red, can't do tussin'
Gettin' head while I lane switch
No, I cannot fuck with a lame bitch
No guwap, we don't speak the same language
We don't speak the same language

I be slidin' through your hood with a fou five
Big strap, desert eagle and I tote nine
Late night on your block with about five guys
Black mac, black tints and a fou five
I be slidin' through your hood with a fou five
Big strap, desert eagle and I tote nine
Late night on your block with about five guys
Black mac, black tints and a fou five
