I can make you rich, I can make it rich

All this fuckin' guwap, got me insane
All these blue hunnits, they got in my brain
Remember now body leave em, damn
I had to train like Vegeta
Running around in a regal
We finna grab to the people
Now they catchin' my fists
The ice on my neck and my wrist
Niggas a glacier
Shootin' at niggas like [?]
Blew hunnits and hunnits and hunnits
Hunnits and hunnits and hunnits of ones
I let the ice on my neck, on my fist, on my wrist
Nigga you dumb
Ballin' like Paige Magic
She just wanna fuck the gang
She so outlandish

Lil Gnar up in the Lamb [?]
Feelin' like its Halloween on promethazine
Red bean, red beam aim it at your head
Red bean, red lean and a nigga dead
