

Die Bout It

Lil Gnar

If you care 'bout it, nigga, then die 'bout it
Keep my dog on my side like a Rottweiler
I upgrade the Hellcat and went widebody
Finna jump out the jet like I'm Giannis
Got them bands, little boy, do not play with me
Hundred thousand ain't nothin' but a chain to me
From the area it ain't even safe to be
Can't even beef with these niggas, they be police
All these commas, that shit is absurd
Smokin' dody and sippin' on syrup
Keep it solid, be man of your word
Slime him out, leave his brains on the curb
I get money, I count like a nerd
Hit up Google, say, "Fix my net worth"
I get paid on the first and the third
Gnarcotic, Gnarcotic, you know how I'm comin'

Had to make my lil' way out the dirt, I know all the pain of not having no money
Some of 'em blue like a Smurf, my other brothers, they the bloodiest bloodies
[?] like a Topgolf
Go Aventador, chop the whole top off
Like a soda, know I'm finna pop off
Makin' plays on the bricks, talkin' chess
[?] with some choppers
Ain't a slave, no, I'm ownin' my masters
Keep a gate at my crib like a castle
Niggas apes in my hood like Jumanji
They'll take your soul for some money
Like the nigga with the molly
I go Super Saiyan like I'm Broly
I'm just sayin', I ain't average
I'm just sayin', I ain't rappin'
I'm just sayin', I ain't cappin'

If you care 'bout it, nigga, then die 'bout it
Keep my dog on my side like a Rottweiler
I upgrade the Hellcat and went widebody
Finna jump out the jet like I'm Giannis
Got them bands, little boy, do not play with me
