

Man Down

Lil Gnar

Brian Spencer

Bands up (ugh)
I just woke up, got my bands up
Hands up (bitch)
That's a choppa, and a handcuff
Brace us (Brace us)
You a pussy, better brace us
Man down (man down)
Man down, pick that boy up

Shit bad, now that boy leak in piss
I'm in all black like the reverend, bitch
Grabbin' the choppa to handle it all
She just gon' swallow me, eat all my kids, uh
Eat all my children, uh
Know it's a riot when I'm in the building, uh
Eat all my children, uh
Know it's a riot when I'm in the, uh

Bands up (ugh)
I just woke up, got my bands up
Hands up (bitch)
That's a choppa, and a handcuff
Brace us (Brace us)
You a pussy, better brace us
Man down (man down)
Man down, pick that boy up

If I raise it up, get ghost, Glock in a tote
Rubberized, eyes shine off chrome
If I heat 'em up, lord knows, get steamrolled
Spray left to right, get zoned
Giga, giga, billion bullets, stop bluffin'
Call of Duty magazine, no "No Russian"
Niggas softer than a cloud or a muffin
Carve the pumpkin, butterfly like it's nothing
One head, two knives, three guns, four chains
Five clips, six mags, seven Russian AK's
Best run away, head down just to save face
One to the head, that's a permanent vacay
One head, two knives, three guns, four chains
Five clips, six mags, seven Russian AK's
Best run away, head down just to save face
One to the head, that's a permanent vacay

Bands up (ugh)
I just woke up, got my bands up
Hands up (bitch)
That's a choppa, and a handcuff
Brace us (Brace us)
You a pussy, better brace us
Man down (man down)
Man down, pick that boy up
