I'm gettin' rich while they snorin'  
Tryna go out on stage while I'm tourin'  
Hit the pedal, I'm hearin' it roarin'  
Too much money, I'm feelin' immortal  
Gettin' geeked up, I feel like 3 portals  
Since a baby I knew I wasn't normal  
Feel like drivin', I'm callin' a chauffeur  
Like a porn star, we fuck on the sofa  
Sneak and geek and she callin' me Urkle  
Seein' demons, she eat like a turtle  
Plus the bag on my weed is purple  
Caught me slippin', I didn't need to murk 'em (Nope)  
But I still go to church like a virgin  
Palm Angels my pants, I just caught murderer  
Young CEO, I just did a merger (Huh)  
I'm on the top of the building, I'm wavy, startin' to feel like I'm Wheezy (I'm Wheez)  
I done made that lil' bitch my wife 'cause I don't even feel like she need me (Get it)  
Some of my guys banging that red, some of 'em banging that blue  
Still going up in the middle when it's time to bust them shots at you (Grr)  
G-Wagen, I'm sliding on dualies (Yeah)  
I'm an OG but I'm still a newbie (Newbie)  
Out in Tokyo, I'm dripping like fluid  
Like I'm Nike, I'm just finna do it (Do it) count up  
Seven hundred thousand, built this shit from the ground up (Ground up)  
Man up  
R.I.P. DMX, dogs ruff riding through the mountains
