Yeah  
Hollon yeah  
Hollon yeah Yeah  
It's Lil Gnar Yeah  
It's Lil Gnar Yeah

Smoking on medical tell by the odor  
She put her ass in my hand I control it  
As a young nigga I really was soldier  
I told em all I'd be the shit when I'm older  
I be gettin them bands through Bluetooth  
20 thousand a college show Famu  
I upgraded my life in some new shoes  
I be rubbing elbows with the whos whos  
Made it out the struggle that shit like a labyrinth  
Fuck all y'all niggas I don't wanna collaborate  
Where was y'all at when a nigga wasn't having shit  
Mixing designer that shit too elaborate  
Put some blonde in my dreads  
And went goat mode I ain't tryna convo with the popo  
Smoking the dope I get high high  
Just tryna balance out the low lows

Yeah it's Lil Gnar Just call me Lil Gnizzy  
I put a machine gun switch on a glizzy  
Walk round the crib and I keep me a blicky  
Cause all of these demons be just out to get me  
Can't trust a nigga as far as you throw em  
Cause all of these people is shady and slime  
Even if you thinking you locked in with niggas  
When shit hit the fan they might drop on a dime  
62 wins only took 5 losses  
Yeah you can call me Lil Pacquiao  
I gotta admit I got them bands on me  
So that lil shit do not matter now  
Granny had died I got real focused  
Had to get paid for my mama nem I had ran outta dope  
Cut it with fentanyl  
Still got the shit off  
Lord forgive me for my sins  
I was just tryna win fasho sho  
Every bitch with good pussy  
Ain't really good for your soul  
I done been in that bottom  
I been slept on been piss poor  
Pop my shit daily you damn right young nigga pissed off

Loads for the bros from the migos that brick weed  
Had to slow down on the wock for my kidneys  
Feel like a boss in that big body Bentley  
Skr Skr Skr, whippin  
Scottie 2 hottie Ball hard like I'm Pippen  
Yellow my Diamond my rollie too pissy  
Go to church everyday for the sinnin  
Mama pray for me your son be spinnin  
I don't get drunk but my hoe love patron  
I be locked in the stu until 5 in the morn  
I got a ben 10 rollie green face like I'm a monster  
Come from the deep eastside  
I hit the stage and I start a moshpit  
Used to hit Stonecrest mall  
When I was in school and I would go shopping

Smoking on medical tell by the odor
