

Let's Go

Lil Gotit

I got ice on my drip
These choppers bust your lip
I got diamonds on my neck and chest
Too official, I got my rep
Doin damb good, got a deal
Try us, and we poppin up on your kids
Never use Uber or Lift
Tell Guap come bring me the pills, let's go
Countin too many mills, let's go
On the yacht, zoom
Dressed up, like a groom

Fuck her one time, then I go
See the racks, sell her soul
Going green, she want to paint her toes
Change it to Rose Gold
Used to trap out the condo
All for a bankroll
In Cali, had a bunch of hoes
Knockin them down like Dominos
And I got a chain on froze
Yeah, I make it rain on hoes
I might switch lanes on hoes
Mayback Coope, with the rain on the doors
Your nigga big on vets
Got a hundred chains around my neck
Hundred on my bust down Patec
Drop money, hoe, it's time to get wet
On the Perks, she give me mean sex
When I run in the clean jet
Got ten tings on the jet
One time go in the net
Out the spot, had to stack them chips
Lil baby in the vip
She see my drip, she wanna fuck me off the rip
I gotta dip, so give me that lip

I got ice on my drip
These choppers bust your lip
I got diamonds on my neck and chest
Too official, I got my rep
Doin damb good, got a deal
Try us, and we poppin up on your kids
Never use Uber or Lift
Tell Guap come bring me the pills, let's go
Countin too many mills, let's go
On the yacht, zoom
Dressed up, like a groom
