Lil Gotit

My diamonds, they seasick
Only let WaterByG make you sick, sick
Glock with a 30, extensions called dick, dick
Located our opp, and made his ass peep quick
Bottom and top, I let Johnny freeze it
We aim for the top, my youngins gon' breeze it
Y'all shrimp-shrimp, poppin' your shit like a blimp-blimp
We smoke, we rolling up blunts, no skimp, skimp (Shut the fuck up)

Know that my gang legit
We ready to hit with a drum on a stick, stick
I came in this bitch with two deuces, some tight shit
I don't care 'bout no bitch, I pass her like Mike Vick
These VVS froze and cold like an ice pick
Got my shit on when I jump in the moshpit
We reset your life, we ready to hit-hit
Lil' bitch go to bed, your mama don't miss, miss
