(Vibin' out right on the West)

I can't fuck no basic, that watch fugazi, don't waste my time (Basic)  
She take my nut and taste it, then drink it like it's some dirty Sprite (Yea  
h, she gon' drink)  
Like Batman, we robbin', so therefore, nobody gon' save your night  
Half cuts cost a hundred, these choppers pull up and fade it right (Grah)  
Ride away, better leave no trace, we wipe 'em down, yeah, that's a slime (Th  
at's a slime)  
Switches on these blickies, go bend it myself, I'm able-mind  
Got a show in Texas, I flew in asking for Johnny Dang  
I was already dealing with thots before the money came

Dropped a bag, they buzzin' out, they spazzin' out, they cashin' out  
Where your ho? I'm cashin' out  
These backends out, her ass is out  
All the opps, they rattin' out  
The block is hot, they passin' out  
She crabbin' with that pussy, I wanna eat it, it's trashin' out  
Spazzin' out, we ain't crashin' out  
Trash a thot, we pass a thot  
Amiris and some Travis Scotts  
My ex bitch came and ate the spot  
Bitch, count your days and watch the clock  
All you see is sticks, wanna talk, get dropped  
Paid the fine, my shooter out  
When it come to hood, she'll kill the cop
