Lil Gotit

Yeah, yeah
Yeah, yeah
Yeah
(Money Musik)
Yeah

I'm having options, yeah
They clearly some opposites
They watch through the scope in the moshpits
Yeah, just upgrade the optics
Bitch, I'm the coldest, don't act like you know this
I been tried to tell you I told ya
Shut up, bitch, I'm flossing
Me and my boys been rollin'
Yeah, I'm tryna finesse like Thugger
Yeah, I'm gon' get it done
She don't wanna do the back door
So I'm coming through the front door
I was in Calico, now I get paid to post
When it come to the lean, I need a gallon, ho
Send some 762's out the passenger door
I'm sliming shit out with originals
I'm having options
I'm having some opposites
I'm having options
Let's do it, I'm slimy
Cash crazy, I'm out here just fucking these models
Soul taken, I'm with the opp doc

Gotta tell my boy when he sip more
And I got a pint of red jugg off Venmo
From the backstreet of Conley, trapping out with my kinfolk
Wish a nigga play, boy, I hope you know Nintendo
Spinning in my mental twin gon' call up a rental
Soon as I pop this pill, I bet this nut gon' dip up her
Tear up the spot, bitch, don't care 'bout no thot
Geeking more slime shit and blowing snot
Bitch I told you, Jeezy, I'm trap or die
Drop me a bag and geek up on a live
SRT, baby, ride
Bet she love me up inside
Get the money without trying
Cop my watch with ice inside
Baby, I ain't telling lies

I'm having options
I'm having some opposites
