Lil Gotit

Crack that nigga head with a bottle  
I could never call, not a fed, not a cop  
Niggas said I'm the best and I said, "Do y'all"  
YSL scream, "Fuck the rest," 'cause we got right now  
Niggas asked me, "Am I sure?" and the Bentley said, "Yeah"  
That lil' bitch ask for a purse and you know I said, "Yeah"  
She gon' act just like a clerk when them feds in there  
She might act like she know Bird when them players in there, yeah

Just might be the realest nigga you ever gon' see  
Just might be the nigga that kill you, put you under beneath  
I just might be the luckiest nigga tonight to fuck a freak  
A buck fifty in a Goyard bag, it just might be  
I see you dancin' with the P's on the phone  
And I never think about gon' and put it on  
Ain't even touch the side profit, gotta run  
Here's smoke, boy, I'm ready to get it on

Bibbidi-bop, drinkin' Wok', I'm with lil' Betty Boop  
Go booby trap and throw a bag, then déjà vu  
I'm a boss and self-made it there, ain't followin' rules  
Swing choppers with a box spittin' like a tool  
(Ooh, ooh, ooh, ooh)  
Swinging choppers with a box  
(Ooh, ooh, ooh, ooh)  
Bet whatever, I get M's, oh yeah, yeah

Crack that nigga head with a bottle  
I could never call, not a fed, not a cop
