Waptopia

Baby, don't say you love me  
You don't love me (Waptopia)  
Maybach coupe out the nosebleed  
Out the nosebleed (Waptopia)  
Counting up big bankroll, with the rosaries  
In that Rolls (Waptopia)  
He keep thinking like they don't notice me  
'Cause you told (Waptopia)

Know the hustle never ever stop  
Baby girl pussy ready fast (Wet-wet)  
Baby girl pussy wetty waps (Wap-wap)  
You look straight in my eyes (Waptopia)  
Told me you would never cap  
I don't really care about pride (Waptopia)  
You wouldn't even get it today  
Baby, just stay by my side (Waptopia)  
Gave a young nigga one chance

They remember girl, yeah we know where we stand (Waptopia)  
When I'm going through it all, just called the best friend  
He gon' be dead, draw, lose or win (Waptopia)  
Big backyard, cost the backend (Racks)  
Big front yard, that's a front end (Racks, racks, Waptopia)  
You treated too, fuck the grudges  
Yeah, I'm doing me, I can show it (Waptopia)  
Then we get back together, love it

Yeah, we get high, hop in my ride  
Yeah [?] droppin' them nines (Waptopia)  
I'm not the old me  
The hate they show me  
I had a cold heart  
They bring me no me [?] (Waptopia)

Baby, don't say you love me  
You don't love me (Waptopia)  
Maybach coupe out the nosebleed  
Out the nosebleed (Waptopia)  
Counting up big bankroll, with the rosaries
