Lil Keed

(Zaytoven)

She suck that good dick she a bobblehead
Baby girl suck that dick
Bobblehead, bobblehead, bobblehead, bobblehead, bobblehead
She work it, she wobble, she wobble it
I throw a little rack for breaking her back
I'm outta there Jack
She suck that good dick she a bobblehead
Baby girl suck that dick
Bobblehead, bobblehead, bobblehead, bobblehead, bobblehead
She work it, she wobble, she wobble it
I throw a little rack for breaking her back
I'm outta there Jack

Lemonade diamonds
The girl from the Mayans
Drop the top, I'm flyin'
The neighbors be spying
I'm beefing the back
That bitch sound like she dying
I tested her body, I think she Hawaiian
Her brother a bitch, beat her up now she cryin'
Slap him again for even trying
Million a shawty, sent him for forty
I stay with the thirty
The runt sittin' on 24s
Tugboat to Tommy
How long it's gone take me?
These bitches don't flake me
They love it, they love me
That 488 Ferrari get her wet as a puddle
Her back on my brick like a huddle (Bip)
Don't come to Uber, make her take a shuttle
I don't fuck again unless she bring a double
Think that it crazy when she ask to cuddle
Fuckin' these bitches on shuffle (Go)

She suck that good dick she a bobblehead
Baby girl suck that dick
Bobblehead, bobblehead, bobblehead, bobblehead, bobblehead
She work it, she wobble, she wobble it
I throw a little rack for breaking her back
I'm outta there Jack
She suck that good dick she a bobblehead
Baby girl suck that dick
Bobblehead, bobblehead, bobblehead, bobblehead, bobblehead
She work it, she wobble, she wobble it
I throw a little rack for breaking her back
I'm outta there Jack

I break her mother fucking back
Puttin' up right on her face like it's Mac
Choppin' the top off the fuckin' Maybach
Water by G diamond, it cost me some wet
Yeah she using her tongue
I fuck her through, through, through, through

Once on her chin like a punch
Coupe came red and black like Texaco
I just put a hundred on his head
Now he outta here
I just put Chanel on her lip, that's expensive drip (Keed talk to em)
Draco game came with a drum, we don't play in here
Oh
Dance up, up
Then it stuck

She suck that good dick she a bobblehead
Baby girl suck that dick
Bobblehead, bobblehead, bobblehead, bobblehead, bobblehead
She work it, she wobble, she wobble it
I throw a little rack for breaking her back
I'm outta there Jack
She suck that good dick she a bobblehead
Baby girl suck that dick
Bobblehead, bobblehead, bobblehead, bobblehead, bobblehead
She work it, she wobble, she wobble it
I throw a little rack for breaking her back
I'm outta there Jack
