She told me she wanna be a freak  
Beat it down real good, leave her real weak  
Even though I hit her couple times out the week  
Make her touch her feet, yeah  
Baby touch your toes, lot of backshots, now she want more  
Her pussy so good, can't leave her alone  
That pussy so clean, I don't need no thrones, yeah  
Water, that pussy so water, I dive like a snorkler  
I fuck on the covers, I made her get lower, she did what I told her  
No title, we just fuck around, she givin' y'all niggas run around  
Different story when I come around, she come back around, and back around, y

And she wanna get high, yeah  
Baby girl I'ma dig in it

I know that you wanna be a freak  
You just want me all in your sheets  
Pick you up and down from the floor up  
Put you in a whole 'nother fire fire fire  
We can sip it slow, you can roll in the foreign  
Every time you spend time time time  
Can't nobody do it like the kid, no  
Tell me if they did, whoa  
But some the times you're slidin' in your water, I'ma dive in  
Drape you in designer, they get blinded by your diamonds  
Baby keep calm for a minute  
I'ma make you cum when I'm in it  
Keep jewelry on when I hit it  
I just want your body, oh yeah

Yeah yeah, she wanna ride, yeah  
She said been a long time, yeah

And she wanna get high, yeah  
Baby girl I'ma dig in it  
Baby girl I'ma make you lose all feelings  
Say she she ain't messin' with a freak in a minute  
She she wanna go all in it  
She ain't been on them knees in a minute, yeah  
She wanna be a freak, yeah, she wanna be a freak, yeah  
She wanna be a freak, yeah, she wanna be a freak
