Don't wanna fuck, I just catch the face

Diamonds, they froze on my Chrome Heart today

Chrome Heart the jeans, Cartier face

Cartier glasses, they black, Ace of Spades

These niggas roaches, so they spray like raid

You pussy smellin' this shit, y'all niggas straight

We comin' from the back, got slatts in the place

Come in from the front, y'all getting laid

I can't even come without [?], Cullinan

Ride with that stick in a Gucci cardigan

I pull your card like I'm playin' skins

Keep it player 'cause I'm real within

These niggas tryna keep me boxed in

They know I'm pullin' strings like violin

Swear to God 'cause I'm gonna sin

Mama daddy know I was gon' win (Woo, talk to 'em)

Geek it up and watch the SRT skate

Diamonds, they hittin' on my Chrome Heart today

Catch 'em, we step em, can't see other way

Doggin' the cat then go skate in a wraith

Get outta line, we take you outta play

I'm just vibin', got hoes outta state

Princess cut diamonds, they look like some flakes

SRT Hellcat truck, yeah, for the B-day

Sit down, these diamonds, I bet they won't play

Pick it up and watch it take off your face

Geek up the Urus, can't challenge this race

The drop, that's a body, man, it's up any day

Pick it up and watch the SRT skate
