Why

Lil Keed

(June, you're a Genius)

Why not would I screw?
Why they think I'm Melly when I pull up with these tools?
Why the fuck you think I spend these racks on these jewels?
Why you think I'm poppin'? Why you think I'm always bool?
Why you think I'm cashin' out? These shawties come and cruise
Why you think we gamblin', screamin', "Long live Boo?"
Why you think my credit right, why I get approved?
Why you think we servin' eight ball like it's pool?
Why you thinkin' that the Slime would never shoot?

Why I love drugs? Why I love mink?
White old Chevelle (Hey), inside peach (Hey)
My dawg didn't make bail (Hey, hey), so he on a leash (Damn)
I was speakin' well, I ain't need speech
I just want you to follow
You'll catch a halo
Yeah, we throwin' packs like it's spiral
You ain't tryin' me, but we'll try you
Please just listen to what I'm sayin', yeah, I got slits on the m bands
I'm on a Perc, not a Xan, you went against me, so you crashed
I give a lesson, like a class, in the pockets, that's real thig h pads
My main girl was in my pad, so I made her my last

Why not would I screw?
Why they think I'm Melly when I pull up with these tools?
Why the fuck you think I spend these racks on these jewels?
Why you think I'm poppin'? Why you think I'm always bool?
Why you think I'm cashin' out? These shawties come and cruise
Why you think we gamblin', screamin', "Long live Boo?"
Why you think my credit right, why I get approved?
Why you think we servin' eight ball like it's pool?
